MEMORANDUM FOR THE RECORD

SUBJECT: D&TO Projects

REFERENCE: Memo for DD/S, dated 18 April 57, from SSA-DD/S,
same subject. (CAO 3-2150)

I have discussed the background and current status of the D&TO Projects with Colonel White and Mr. Lloyd. Colonel White has advised me that he understands the background and the reasons for such Projects as explained in the attached memorandum and has concurred in the timing of our follow-up this August. SSA(Comp) should see to it that by 1 September 1957 a position is prepared jointly by this Staff, Chief of the Budget Division, and the PP Staff for presentation to the DD/S. This study should include a recommendation that the system as presently being operated is sound and, therefore, should be continued, or propose some alternate plan.
